## *Greetings to all Dahlia Lovers*

In presenting our Catalogue for 1933 we wish to thank our many friends and customers for their patronage in the past, also for the many kind letters telling of the joy of a Dahlia Patch.

On the ensuing pages we are introducing a few new creations for 1933 and some of our outstanding numbers of the past three seasons. We are also presenting recent introductions of other growers, with a good list of the popular standard dahlia.

## *Gladiolus Department*

Last year we announced that we hoped to offer our customers an opportunity to purchase Gladiolus bulbs from us. Here is the introductory offer. It consists of a collection of one each of the twenty-five varieties which, by the most recent vote of the American Gladiolus Society, received the highest ratings and might therefore be called the "World's Best" because the varieties have been chosen from all over the world. Bulbs will all be blooming size and properly named but at the given price each customer must be limited to two collections. Here are the varieties and the vote for each. Price for each collection, \$2.00.
